

Introducing the NEW

# Heated Eye Wand™ PRO

A novel treatment for dry, tired eyes

**RRP  
£75**

(42% Gross Margin)

#### 4 modes in 1 device:

- 2 modes to improve comfort for those with dry eyes
- 2 modes to improve the appearance of fine lines and puffiness

10+ beauty industry awards

The triple-action Heated Eye Wand Pro is an alternative to a conventional warm compress. It can be set between 37°C and 45°C, heats up in 60 seconds and a clinical study\* has shown it to increase:

- Non-Invasive Tear Break Up Time
- Lipid Layer Thickness
- Tear meniscus height.

**RRP  
£15**

## Instant Relief Spray

Clinically proven to instantly relieve dry eye symptoms including; redness, irritation, itchiness, a gritty sensation or a heavy, tired feeling caused by dry eyes. The spray also improves the quality of the delicate eyelid and under eye skin too.

- Two active ingredients: Buckthorn Oil & Sodium Hyaluronate
- Gentle enough for use all day
- Contact lens safe

---

## The Eye Rescue Lidstick™

The Eye Rescue Lidstick™ has a non-greasy formula that uses only lightweight and noncomedogenic oils to restore the eye area to its soft, supple, healthy best. Engineered to simultaneously address the most important eye concerns from both a beauty and eyecare perspective.

- Free from preservatives, alcohol & artificial fragrance
- Suitable for dry, sensitive eyes or blepharitis
- Ideal for use with the Heated Eye Wand™

**RRP  
£15**
