

Fit 5 Fit Right

INTERACTIVE FITTING PROGRAM

Getting started with NaturalVue® 1 Day Multifocal contact lenses has never been easier. Let us guide you through your first 5 fits, to see greater benefits for you and your patients

This interactive program is designed to help you:

- ✓ Achieve nearly 90% initial fit success¹
- ✓ Shorten the learning curve
- ✓ Maximize visual outcomes
- ✓ Yield up to 92% repurchase rates²

Fit NaturalVue®. Fit Confidently. Fit For Real Life.

A supported starter programme for accredited NaturalVue® practitioners

You're trained. You're accredited. Now we're here to support you in turning that knowledge into confident, everyday fitting and successful patients generating practice revenue.

Fit 5 is a guided, real-world launch programme designed to support you to successfully fit your first NaturalVue® patients with clinical guidance every step of the way.

This is not a promotion. It is a practical, supported start to generate the same 'muscle memory' when fitting NaturalVue® as you have fitting zonal multifocals.

What is Fit 5

- ✓ **Fit 5 patients within 3-months**
- ✓ **Personal clinical support from our experienced team**
- ✓ **Receive 90 complimentary pairs for each patient**
- ✓ **Supplied after successful monitored trial period**

Everything you need to build confidence, create early success, and start prescribing NaturalVue® routinely.

Why we created Fit 5

We know the biggest hurdle isn't accreditation — it's successfully implementing the unique NaturalVue® fitting protocol with your first few patients.

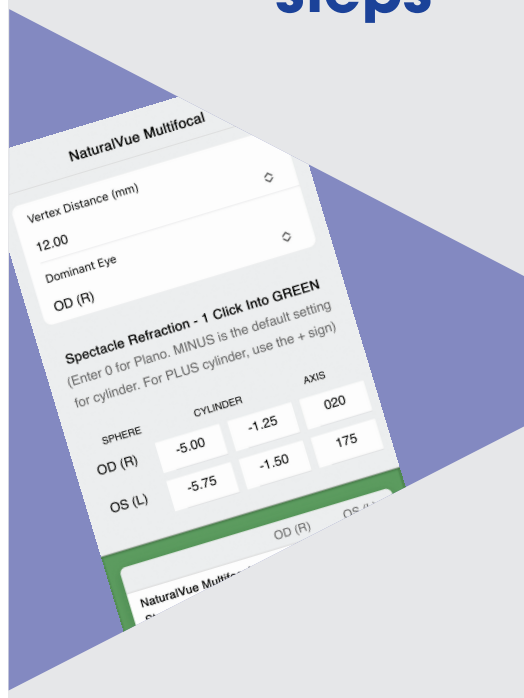

Fit 5 helps you:

- Achieve success with your first five fits
- Lock in the unique fitting protocol from day one
- Build confidence from strong patient outcomes
- Convert trials into life-long revenue
- Make NaturalVue® part of your everyday practice

Because early wins create long-term confidence.

Fit 5 In 5 simple steps

- 1 Fit with confidence**
Follow the clinically proven fitting protocol
- 2 Order trial lenses**
Use the NaturalVue® calculator to select your first trial lenses – Remember push into the green!
- 3 Specification validation**
Our team reviews and confirms your initial power selection and trial lenses shipped
- 4 Follow-up guidance**
We discuss the patient's outcome and agree any fitting refinements
- 5 Receive your complimentary 90-pairs**

Simple. Structured. Supported.

Who is eligible?

Accredited NaturalVue® practitioners who are ready to begin — or accelerate — their fitting activity.
